Response to Arguments

Claim Rejections - 35 USC § 112

1. Claims 8 and 13 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

- 1.) Claim 8 doesn't further limit claim 7.
- 2.) In claim 13, line 1 "said lamp" lacks a positive antecedent basis.

As best understood the following prior art rejection applies:

Claim Rejections - 35 USC § 102

2. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless --

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

3. Claims 7-13 are rejected under 35 U.S.C. 102(b) as being anticipated by (JP 58-211701 or JP 58-167448 or JP58-213653). (JP 58-211701 or JP 58-167448 or

JP58213653) discloses a reflective body made of brittle material such as glass comprising a coating of temperature-resistant tenacious fluoropolymer material. The recitation of "for a high pressure gas discharge luminous body" is merely an intended use limitation and given very little patentable weight.

Response to Arguments

4. Applicant's arguments with respect to claims 7-13 have been considered but are moot in view of the new ground(s) of rejection.

Conclusion

5. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the

Art Unit: 2875

shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
